Carolyn,

We did not request to sample existing wells due to lack of information on the depth to Unit C and differences in screened intervals based on how groundwater evaluation has been completed to date.

Thank You,
 Chris

Hi Chris,

Did you ask permission to sample the existing wells? I know we talked about that, about whether there was info on where they are screened and whether they were going to be useful, but I'm not clear on what your final thoughts were. Thanks.

Carolyn

Carolyn,

The access agreement has been executed. I am meeting the property manager on Friday, June 21 to locate the temporary wells locations and to clear them of underground utilities.

The drilling is scheduled for June 26-27.

Let me know if you have any additional questions.

Sincerely,

Chris

Subject: 400 N Forsythe sampling date?

Hi-

Is the access agreement all squared away?

If so, what is the schedule for sampling?

Thanks.

Carolyn
